Spring Special: 10 images \$850

Fine Art Metals

Fine Art Metals are a very modern approach to hanging art. We start the printing process by adding a layer of white ink to the surface of 1"-deep brushed aluminum boxes. Your image is then printed on top of the white base coat. Sizes include 16x16, 16x23.5, 19.5x19.5, and 19.5x23.5. They come ready to hang.

Fine Art Murals

These are amazing. One image split to print each portion on 11.7x11.7" brushed aluminum tiles. Each tile is then linked using silver snap rings and mounted to the wall using the bracket included in your order. Complete the look of the large hanging by adding the finishing bracket to the bottom tiles of the mural. Once mounted, the mural will hang approximately 1" off the wall. Sizes include 24x24, 24x36, 24x48, and 36x48. Assembly is required.
